Work Experience

February 2025 – February 2026 : UX/UI Designer for Accenture

- I built the overall structure of some of the company's internal applications by creating their wireframes in Figma.
- I presented applications by creating virtual walkthroughs through flow prototypes in Figma.
- I mapped out user motivations and possible actions within the applications using Figma creating user flow diagrams.
- I created custom visuals for presentations using Canva and Photoshop.
- I customized and expanded applications.
- I documented the design development process for the applications.
- I used ServiceNow.

Tools: Figma, Canva, Photoshop, ChatGPT, Microsoft Teams, Outlook, Word, Excel y Powerpoint.

July 2023 – May 2024 : UX/UI Designer for Softtek

- I presented applications by creating virtual walkthroughs of them using Figma. (Flow Prototyping)
- I mapped out the logic and possible actions of the applications using Figma. (Flowchart)
- I created images for presentations and templates using Canva and Photoshop.
- Attended meetings to review design best practices and standards.

- Document the development process of the designs.
- Customize and extend applications.
- Collaborate in an agile environment using the Kanban methodology.

Tools: Figma, Canva, Photoshop, ChatGPT, Microsoft Teams, Outlook, Word, Excel y Powerpoint.
